"DEMOCRATS LIKE THE DEVIL."

Speaker Cannon Finds Reasons for Comparison in Recent Statements.

St. Joseph, Sept. 29.—"Democrats who claim President Roosevelt the best Democrat that ever sat in the house are like the devil when he offered Christ all the kingdoms of earth if the Savior would do his bidding," said Joseph G. Cannon, speaker of the national House of Representatives Wednesday in an interview. "The devil claimed all the earth, but he did not own a foot of it," added Cannon.

HAVE ICE IN PLENTY.

St. Albans Dealers Will Probably Not Raise the Price.

St. Albans, Sept. 29.—Notwithstanding the ice famine in many eastern states local dealers here have not expected and the price will probably not exceed last year's. They are shipping to other New England states.

News and Notes of Sport.

This is the date set for the 15-round open air fight between Marvin Hart and Mike Schuck, to be pulled off near Louisville, Ky.

The Connecticut state league, in the season just closed, had the best record of any league, major or minor, in the country. The standing at the finish was: Norwich 57, Springfield 55, New Haven 54, Hartford 50, Waterbury 49, Holyoke 47, Bridgeport 41, New London 42.

Just before coming north to join the New York American league, the St. Albans team had won a double-header for Atlanta against Shreveport.

After trying for several years to win a pennant with a cheap team the owners of the Newark club of the Eastern league have decided to buy a few good players for next season.

With Brooklyn taking double-headers from the Giants and Boston winning two out of three from the Chicago Cubs, it is up to the St. Louis Cardinals to make some of the star outfits with the league.

Lepore, of Montreal, recently pitched and won a 16-inning game, striking out the last three Toronto batters.

George Scott, Johnston's pitcher, leads the Tri-State league in hitting with 332 for 82 games.

The Austin club won the championship of Texas by defeating Houston in the post-season series.

The Wichita team made a great climb from last to third place in the Western association.

Manager McCloskey changes his lineup so often that the St. Louis fans have given up trying to learn who the players are.

They are naming babies Richard Cooley—Topeka, Kas.

Jack Warner has played with six clubs in six years, the Boston, Detroit and Washington teams in the American league and the New York, Boston and St. Louis in the National league.

If a baseball league was organized in Ireland and the Sons of Erin played the game as they do in America the Emerald Isle would sit up nights reading the scores. And what would they do to the league of England?

William Conner, manager of the Birmingham Three-4 league team for the past six years, has resigned.

As the prize list in the wit class the fight has traveled week and week with the baseball blunders. When Joe Walcott was introduced at Chelsea, the night at the Casino Havana fight, some long yelled "Who ordered that ton of coal?"

Both East and West there will be a general line-up of the football players today, though the games will be chiefly in the nature of practice contests for the important games to be played later in the season. Pennsylvania, Harvard and some of the other big ones will make their first appearance on the gridiron, which will give the critics of the game an opportunity to judge of their condition and prospects for the season.

New York Highlanders and Cleveland Indians Broke Even in Their Double Header—Athletics Came Back to Life Again.

The New York Highlanders and the Cleveland Indians played a double header yesterday and were satisfied to break even, the former wearing a shutout in the first contest and the latter all but doing it in the second. The only other game of the American league was at Detroit, where the Athletics came to life again and won a game by the score of 7 to 4.

There was considerable doing in the National league, starting with the double header between Brooklyn and Pittsburgh. There was an even break here, New York found the St. Louis bunch pretty ripe for picking, while the coming champions had about as easy a time with Philadelphia. In Boston the Cincinnati Reds had it over the Tony tribe by the score of 3 to 1.

LOYALTY URGED.

Pope Gives Hand to Kiss to 50 Yankee Sailors from Our Warships.

Rome, Sept. 29.—The pope yesterday received 50 American sailors from the warships now at Naples. The party, which was conducted to Rome by Chaplain McIntyre of the cruiser West Virginia, was presented to the pontiff by Mgr. Kennedy, rector of the American college here.

The pope gave each of the men his hand to kiss and delivered a short address, which was translated by Mgr. Kennedy, urging the sailors to be loyal to their religion and country, faithful in the performance of their duty and obedient to their superiors. At the conclusion of the audience, the pontiff bestowed the apostolic benediction on the sailors and caused each of them to be presented with a souvenir medal.

When the pope left he was heartily cheered by the visiting Americans. The sailors were photographed in the court of Damaso.

HORSES SCARCE.

So Are Mules and Army Service Suffers Greatly as a Consequence.

Washington, D. C., Sept. 29.—Difficulty is being experienced by the quartermaster general's department of the army in obtaining horses and mules. Even at high prices, good cavalry horses are nearly impossible to procure.

A few weeks ago a contractor in the state of Washington was awarded a contract to supply the army with about 500 cavalry horses at his bid of \$92 a head. He has thus far been unable to fill the order, and he may be financially ruined in his efforts to meet his obligation to the government.

On account of the scarcity of horses, animals suitable for the cavalry now are worth about \$140 a head. Mules are even scarcer than horses. Good mules are worth about \$180 a head, and are difficult to get at this price, on account of the great foreign demand.

BAILEY CALLS CHARGES AGAINST HIM ABSURD

Texas Senator Says No One Can Point to a Speech or Vote of His Against the People.

Dallas, Tex., Sept. 29.—Senator Joseph W. Bailey, in reply to recent criticisms of his record, said in denying that the Tennessee railroad properties, for which he is attorney, belong to the Standard Oil Company:

"The statement that I put \$1,000,000 worth of securities of the Tennessee railroad properties in my pocket to do with them as I pleased, is little less than ridiculous. It was my task to prevent those who held the bonds from sacrificing the securities at a forced sale. I not only saved my clients a large sum, but I managed to give the city of Nashville three important competing railroad systems, where before it had suffered in the grasp of one."

"The objection to my employment as the attorney of those properties must proceed upon the theory that a man in public office has no right to pursue any private business, and such a doctrine would confine the public life of this country only to rich men or to ascetics."

"My most malignant enemy cannot point to a single speech or vote in the interests of my clients and against those of my constituents."

"BABY'S STAFF OF LIFE"

Imperial Granum

The Unsweetened

FOOD

Why It Makes

Healthy,

Strong Babies

First place, it's a wheat food.

Why? Ask the doctor—he will tell you that all the elements needed to make firm, rose flesh and strong muscles, bones and teeth are locked up in a kernel of wheat—and in no other grain.

And there's no sugar in it. Why? Because sweet foods make babies fat and not solid flesh.

And there's no poison or other medicine in it. Why? Because none is necessary. Its own food properties make it easily digestible. Babies so weak that they can't retain or digest anything else thrive on it. It helps and strengthens the little stomach—not only for the time being, but for all time. In short, it's an all-round, natural food—one that all babies need and crave—and nothing else.

Try it for sick babies—it will make them well. Use it for well babies, big or little—just see that they will grow! How sturdy, strong and happy it will make them, what appetites they will have, how sound they will sleep.

WORLD APPEAL.

Head of the Russian Liberty Organization in New Move on Czar for Peace.

New York, Sept. 29.—Ivan Ivanovich Norodney, the head of the Russian Liberty Organization, who left Russia three weeks ago on a secret mission, is in New York.

"Now that I am on free soil," he said, "I can say what my mission is. I have been sent here by the Russian military party to represent 10,000,000 of people in an appeal to the world for a petition to the Czar asking for peace and for a new form of government."

"Hitherto all our petitions to the Czar have been destroyed by those who surrounded him, so that he has no idea of what the people's complaints are. International courtesy requires, however, that a petition signed by the peoples of countries other than Russia be put into the Czar's own hands."

"To America we look for a larger part of the support in this new move, which was suggested to our party by the Czar's secretary. It had been shown conclusively that it avails nothing to wage war of blood upon the Czar. We have decided to declare upon the Czar a war of education and of moral suasion. The Russian peasant finally knows that only by education can he attain to self-government, and now he longs for knowledge and for teachers. We require nothing from the American people but sympathy and moral support."

Mr. Norodney will seek the support of Congressman John Sharp Williams and William J. Bryan, and will organize clubs in many of the large cities. The members of the associations will obtain signatures to the petition Mr. Norodney has in mind.

MEMBERS OF CABINET

RETURN TO WASHINGTON

Moody Has Not Yet Fully Outlined Massachusetts Republican State Platform.

Washington, D. C., Sept. 29.—Atty. Gen. Moody and Sec. of Commerce and Labor McAdams are the first cabinet officers to arrive. They will be followed soon by Secretary Root while Secretary Hitchcock and Postmaster-General Cortelyou are expected in the early days of October. Secretary Shaw is on a stumping tour that will keep him away till near election time. Washington will soon take on an appearance once more of being the seat of government. Before the President reaches the city, numerous other officials now on vacations will be back.

Mr. Moody spent Thursday at his office. One of his immediate duties will be the preparation of his annual report. This document because of the numerous prosecutions, will be of unusual interest.

Next Tuesday or Wednesday, Mr. Moody will go to Boston to attend the Republican state convention. He said Thursday he had not yet fully outlined his views of what the platform should be.

It is announced that the President will return to Washington on Monday night, and it is expected that a cabinet meeting will be held immediately, at which the Cuban situation will be gone over in detail. Secretary Root is expected to arrive at Hampton Roads on the cruiser Columbia on Sunday, and the President's yacht Sybil will be there to meet him and bring him up the river to Washington at once.

READS OUT OF PARTY

THREE CITY OFFICIALS

Mayor Dunne Says Men Joining Hearst Faction Are No Longer Democrats.

Chicago, Ill., Sept. 29.—In a speech before the Democratic aldermen at county Democratic headquarters, Mayor Dunne read out of the party Joseph Green, city sealer; Charles H. Mitchell, special assessment attorney, and Howard S. Taylor, city prosecutor, who have joined Hearst's Independence League.

The mayor promised the aldermen that these men would be shorn of all patronage and said he was ready to ask their resignations if the aldermen insisted. He advised against this, however, as it would be regarded by the Hearst papers as making martyrs out of the being expelled.

"These men have quit their party," he said, "and have ceased to be Democrats."

Constitution Defined Merely "A Big Stick."

New Haven, Ct., Sept. 29.—The naturalization court set in New Britain recently for making new citizens. A large number of applicants appeared. One of them was asked by the judge if he knew what the constitution was.

"Oh, yes, I know," was the reply.

"What is it?" asked the judge.

"It's a big stick," was the response. He got his papers.

POPE WILL

DIVINE ORDER OF CHURCH

Must Be Maintained—The Only Resort Must Be on the Part of the French Government.

Paris, Sept. 29.—The Gaulois yesterday printed an interview which its correspondent at Rome had with the pope Thursday on the church and state separation law, during which the pontiff is quoted as stating:

"It is not I who condemn the law, but Christ, of whom the pope is simply the vicar. The Savior granted the church a constitution and a doctrine, against which no human law can prevail. The separation law is contrary to Catholic doctrine and opposed to divine law; it is an unjust law and therefore carries no obligation to obey it."

The pontiff further declared with great firmness that his veto would remain absolute, while the French chamber refused to modify the law in accordance with the Catholic dogma, and concluded as follows:

"It is not necessary for the government to surrender. Separation means to give before the will of the victorious party and the pope applies the name of 'victory' to no one in France. If the legislators committed an error in good faith and will acknowledge it they will find nowhere a more conciliatory spirit than at Rome. If they deliberately seek war, they will find themselves confronted by the Jehovah of Christ, animated by supreme energies."

FOR HOME RULE.

Irish "Whole Hoggers" May Get Their Way in House of Commons.

London, Sept. 29.—The expression "whole hoggers," used last year to describe the Chamberlain tariff reformers, is likely to have a significance this autumn, when the Irish question will come under discussion. The "whole hoggers" will then probably be the out-and-out home rule, and the "little piggers" will be those who halt at devolution.

It would not be astonishing if the "whole hoggers" should get their way in the house of commons, and this thought was evidently in the mind of the editor of the Pall Mall Gazette when he introduced into Thursday's issue a cartoon representing a hog on the dead run along the road leading to Irish independence, with John Redmond, Sir Anthony MacDonnell and Mr. Bryce on his back.

"Oh, Mr. Redmond," cries Bryce, "are you stopping at the half-way house?"

"No, you don't," answers Redmond. "There's no such place. We are going on."
